FAQ's

- **Can parents have a Naviance account?**

  We do NOT set up separate parent accounts but encourage parents to log on with their student to explore

- **Where does Naviance pull data from to figure out student's GPA/test scores, and their admissions decisions (admitted, denied, etc.)**

  CHS uploads student's GPA electronically; also, we input a report of test scores from College Board. The admission decisions and reported outcomes (where students decide to attend) are all self-reported.
